

WE ARE HIRING!

We're looking for someone to join our team as a

FACILITY ENGINEER

Job Description:

As a Facility Engineer at AIIP, you will be responsible for ensuring the smooth operation and maintenance of our industrial facilities. You will play a crucial role in overseeing facility systems, managing maintenance tasks, and implementing improvements to optimize operational efficiency and safety. Your expertise will be vital in maintaining AIIP's reputation for high-quality, well-maintained facilities.

Key Responsibilities:

- Oversee the maintenance and repair of HVAC, electrical, plumbing, and other essential systems to ensure continuous operation.
- Implement safety protocols, conduct regular inspections, and ensure compliance with regulatory standards and codes.
- Identify areas for improvement, develop strategies to enhance operational efficiency, and implement best practices.
- Collaborate with external vendors and contractors, negotiate contracts, and ensure the quality of services provided.
- Develop and implement emergency response procedures to address facility-related incidents promptly.
- Maintain accurate records of maintenance activities, repairs, and equipment manuals.
- Prepare regular reports for management.
- Implement energy-saving initiatives, monitor consumption, and explore renewable energy options to contribute to AIIP's sustainability goals.
- Work closely with cross-functional teams to address facility-related needs and support various departments within AIIP.

Eligibility Requirements:

- Bachelor's degree in Mechanical Engineering, Electrical Engineering, or a related field. Master's degree is a plus.
- Proven experience as a Facility Engineer or in a similar role, preferably in an industrial or manufacturing environment.
- Strong knowledge of facility management, building systems, and maintenance practices.
- Familiarity with safety regulations, codes, and standards.
- Excellent problem-solving skills and attention to detail.
- Ability to manage multiple tasks and projects concurrently.
- Proficiency in relevant software and tools for facility management.
- Strong communication and interpersonal skills.
- Professional certifications in facility management or engineering are advantageous

TO APPLY

Send your Resume and Cover letter to:

info@aiip.com.ng

Please include "Facility Engineer Application - [Your Full Name]" in the email subject line.

The deadline for applications is December 15, 2023.
